CITY OF MODESTO
APPLICATION FOR PUBLIC CONVENIENCE AND NECESSITY
FOR ALCOHOLIC BEVERAGE CONTROL LICENSES

Filing Requirements:

- Submit completed copy of this application with an application fee of $1,000.00 to the City Clerk – check payable to the City of Modesto.
- Include four (4) copies of site plan and area location map depicting the layout, precise location and location of the surrounding context.
- Include four (4) copies of the application filed with ABC

Process: When application is filed, City staff will review for completion. Once deemed complete, application will be reviewed by City departments. This process typically takes a minimum of 30 days. Following City review, applicant will be notified of hearing date before the Hearing Officer. The Hearing Officer's decision is final unless applicant appeals to the City Council via the City Clerk in writing within 15 working days. Additional fees may have to be paid to the City Clerk prior to the Council meeting.

In general, the City will only approve applications where it can be determined that Public Convenience and Necessity are met. This "convenience and necessity" must be based on specific factual information. Your response to the following questions will assist in making this determination:

1. Are there specific circumstances relating to the specific location proposed which have the effect of reducing the over concentration findings? For instance, is the census tract in which the proposed license is located currently undergoing significant growth?

2. Is the license of a specialized type which is otherwise underserved in the vicinity?

3. State why you believe there is a "need and necessity" for the proposed license which should override the State ABC regulations.
